CONSTRUCTION

STREET CUTTING

Diamond Products® is one of the largest manufacturers of diamond tools in the United States. When it comes to street sawing and drilling, we have all the tools you need to get the job done!

For more than 55 years, Equipment Development Co., Inc.® has been the leader in surface preparation, repair, restoration and professional sawing equipment. EDCO® products are American Made and built Rental Tough.

Stihl® concrete cutters provide a deep-cutting solution for your crew, delivering the power to cut up to 15.7" deep into reinforced concrete, masonry bricks, asphalt and many other tough materials found around the jobsite.

CONSTRUCTION

SKID-STEER LOADERS & TRACK LOADERS

ASV has built a legacy in compact equipment, first pioneering the Posi-Track compact track loader, and now also offering a whole line of ASV skid-steer loaders. If you can't find a trail, build your own with ASV.

With roots dating back to 1859, Manitou Americas, Inc. is a producer of Gehl® branded equipment for construction, agriculture, industry and beyond. With Gehl® skid-steer loaders and track loaders, a history of success is on your side.

You need to go higher. Work faster. Do more. The innovations from JLG® will help you conquer those challenges with confidence. Our lifts give you the reach and power you need for the best in lift performance.

GENERAC® | MOBILE

Generac Mobile features 4", 6", & 8" pumps, 110 gallon fuel capacity for up to 48 hours maximum run time, which handles up to 3" solids, enclosed stainless steel impeller, Venturi priming system, and patented flip-tongue trailer design.

HONDA™
PUMPS

Honda Power Equipment™ offers pumps to meet a wide variety of applications. From de-watering, multi-purpose, chemical, trash, diaphragm, and submersible applications, Honda™ is sure to have a pump to fit your specific needs.

Whether you have need for a submersible pump, a trash pump, diaphragm pumps, or a centrifugal de-watering pump, Multiquip pumps are the versatile, dependable choice for all of your construction or residential applications.

HONDA™
GENERATORS

Why are Honda™ Generators number one on the job? Easy. Reliability and durability. In the construction and rental industry, Honda™ has consistently been named "most preferred" in reader surveys by leading trade publications.

GENERAC® | MOBILE

Generac Mobile generators are designed and built to meet any conditions and extreme challenges. Whatever your needs, you can be sure Magnum has the power to meet them where and when you need it. Sizes range from 20KW - 600KW.

The lineup of JLG® all-wheel steer telehandlers gives you all the power, reliability and maneuverability you've come to expect from a world-leading equipment manufacturer.

Skyjack™'s forklifts offer higher reach, greater capacity, and improved visibility, all to boost your jobsite productivity. These machines deliver the industry leading rugged, robust, and reliable design features that you demand.

Offering superior load capacity, excellent visibility and tight turning, these machines will provide a great return on investment. Versatility comes standard with a wide variety of attachment options.

Doosan® produces over 100 models of forklifts including engine and electric forklift trucks, reach trucks and warehouse equipment, covering most of material handling equipment range. All of our products are focused on reliability, operator convenience and comfort as well as powerful performance, enhancing performance and profitability.

For over 50 years, Liftking has grown to be the home of a complete line of Rough Terrain forklifts. Offering a complete range of styles and sizes – from 5,000 to 65,000 lbs. capacity – we have the right rough terrain forklift solution for increased productivity & profit for our clients. Our forklifts are built rugged & reliable, to the strictest of quality controls according to ISO 9001.

MANITOU, the world's largest manufacturer of rough terrain forklift trucks, has its roots in a family tradition of innovation and imaginative power. Manufacturing its first truck in 1953, MANITOU is a pioneer in the rough terrain forklift market. By responding to market trends, MANITOU offers a complete line of rough terrain handling equipment adapted to the specific needs and challenges of each industry.

Since its inception in 2001, EDGE® continues to provide high quality attachments for compact equipment including skid steers, track loaders, compact excavators and articulated loaders. We have a broad range of attachments for use in many areas such as agriculture, construction, demolition, landscaping and more.

Good enough won't do - it must be right. Danuser has been a leading manufacturer of quality equipment since the mid-1940's, providing the agricultural, industrial, and rental industries with solutions for their everyday problems. Danuser is a proud producer of post drivers and other equipment. The Danuser Hammer is a free fall system. No springs, hydraulic cylinder, or return line to allow the weight to come down.

HONDA

Since 1953, Honda has manufactured over 100 million power products worldwide. Honda continues to be a leader in the development of low-emission, fuel efficient, environmentally friendly 4-stroke engines for use in generators, water pumps, lawn mowers, outboard motors, and many other power equipment applications.

HARPER[®]

TURF EQUIPMENT

Cleaner. Faster. Harper. Harper Turf Equipment's turf vacs can be pulled by almost anything while vacuuming grass, leaves, trash, and thatch from the terrain. The Vevi-Cutter by Harper Turf is ideal for verti-cutting, dethatching, renovating, and preparation for overseeding to keep grass green.

STIHL[®]

STIHL is the #1 selling brand of gasoline-powered handheld outdoor power equipment in America. From legendary chainsaws, dependable trimmers, powerful blowers and industry-leading construction tools, a STIHL is designed for reliability. And built for the long haul. At Best Line Equipment we carry the full STIHL line of products.

POLARIS[®]

Polaris[®] ATVs provide excellent payload, towing capacity and performance. These machines are a great addition to your equipment line-up and will prove themselves with every use. The perfect off-road vehicle awaits you.

POLARIS[®]

Polaris[®] snowmobiles deliver the performance to dominate any terrain. Whether you're bombing across a frozen lake, a rutted-out trail, or that first turn out of a straightaway, you want corner-to-corner quickness and the best in all-around control. Polaris[®] wide track utility models available.

POLARIS[®]

Polaris[®] UTVs bring you legendary versatility, durability and comfort. These are the hardest working, smoothest riding side-by-sides on the market that continue to lead the competition year after year.

GEM[®]

A distinctive alternative to the golf cart, GEM[®] electric cars have the versatility, options and flexibility to handle even the toughest tasks. See how GEM[®] can work for you. Street-Legal Electric Cars, Carts, UTVs and People Movers.

CUSHMAN

A Textron Company

Cushman[®] commercial and utility vehicles are known around the world for versatility, durability and dependability. We offer a complete range of heavy-duty industrial material-handling and comfortable personnel transport.

Kimtek Fire & Rescue Skids

RKO Fire & Rescue Skids

CONSTRUCTION

OFF-ROAD TRUCKS

HYDREMA

Hydrema trucks are the obvious choice for driving on soft terrain and in areas that demand the lowest possible ground pressure. These trucks offer superior tractive power, unmatched stability and extremely low fuel consumption.

CONSTRUCTION

WHEEL LOADERS

GEHL

From the farm to the jobsite and everywhere in between, these machines conquer chores of all types. Versatile and compact, these loaders maneuver freely in tight places while inflicting minimal ground damage with a wide variety of attachments.

CONSTRUCTION

COMPACTION

The Fayat Group has a complete range of Dynapac compaction, paving, and milling equipment products, from the very smallest to one of the world's biggest. Dynapac machines have been designed to efficiently achieve specified densities on cohesive and semi-cohesive soils and asphalt for sealing purposes.

Multiquip is one of the largest, most diversified manufacturers and suppliers of world-class quality products and solutions for the construction industry, among others.

CONSTRUCTION

PRESSURIZED WASHERS

Since 1969, Landa@ Kärcher Group has been providing professionals across many industries with rugged pressure washers that they can use for years. Whether your cleaning task requires hot or cold water, you need a mobile or stationary unit, or whether your power source is electric, gas or diesel, Landa@ Kärcher Group has a pressure washer to tackle your cleaning job.

CONSTRUCTION

PARTS WASHERS

Cuda is the trusted name in industrial parts washers, and since 1993, has been producing the highest quality in automatic aqueous parts washers engineered to withstand the rigors of daily use. Whether the parts you're cleaning are big or small, wide or narrow, heavy or lightweight, Cuda offers many industrial parts washers that can meet your cleaning requirements.

Since 1977, Laymor sweepers are what operators in the field are asking for because they are easy to use, transport and maintain. But most importantly, they do the job right the first time around. Laymor offers SweepMaster 300 450 models, ensuring you find the right sweeper for your job.

Bri-Mar™ & B Wise Manufacturing, has grown to be one of the largest manufacturers of hydraulic dump trailers in the country. In addition, Bri-Mar™ & B Wise also manufactures a full line of equipment trailers, utility trailers, and car trailers.

A Cronkhite trailer will probably outlast the vehicle towing it. And towability is what this trailer is all about. With its heavy duty steel frame, oak hardwood deck, and Dexter drop axles-this trailer has few equals in the industry.

Since 1946, Eager Beaver Trailers® has been manufacturing the highest quality construction equipment trailers from 5-100 ton capacities. The highest quality components on the market ensure a safer haul and a more reliable trailer.

Novae Corp was founded in 1995 and entered the trailer segment in 2000. Novae Corp is one of the fastest growing companies in the trailer industry over the last decade and has consistently been among the Inc 5,000 fastest growing private companies.

Since 1992, Aluma has been making quality aluminum trailers to meet your every need. Core values of safety, efficiency and durability go into every trailer designed and manufactured. Get on the road to adventure quickly and dependably with an Aluma trailer.

Mobile, simple, and flexible, Multiquip water trailers are ready to tackle a host of assignments including: dust control, emergency firefighting response, construction, agricultural support and equipment wash down.

Generac® Mobile Water Trailers are maneuverable and portable. Their size makes them much more efficient than traditional water trucks. They are used to control construction site dust, support cement cutting, landscaping and trenching activities. Generac® provides portable water where you need it most.

CONSTRUCTION

WELDER/GENERATORS

Whether you are looking for a gasoline-powered machine for small repairs or a large diesel-powered machine for your service truck or industrial applications, Multiquip has the best welders in the industry.

CONSTRUCTION

EMERGENCY MANAGEMENT - LIGHT TOWERS

Magnum light towers are built and designed for the most extreme environments, from deserts to the frozen tundra. These offer complete flexibility with 360 degree rotation and will fully illuminate up to seven acres.

Multiquip GloBug lighting solutions are perfect for all applications, from construction to disaster relief and everything around and in between. Featuring balloon lights and light towers, Multiquip has the lighting solution for your needs.

CONSTRUCTION

LASER LEVELS

Spectra® Lasers supplies precision laser tools and solutions to the construction and surveying markets to enhance productivity with 4 different laser level models available: the LL100, LL300, LL300S, and LL500 laser levels. Spectra® has the precision laser level to meet your specific needs.

CONSTRUCTION

TOWABLE COMPRESSORS

A Hitachi Group Company

For more than 50 years, Sullair® has been on the leading edge of compressed air solutions. With portable air compressors ranging from 100psi to upwards of 500psi, Sullair® has is the right choice for reliable and durable compressors for every need.

CONSTRUCTION

AIR TOOLS

A Hitachi Group Company

No matter the job, Sullair® has the right air tools for you. With products including chipping hammers, weld flux scalars, paving breakers, rivet busters, concrete vibrators, rock drills, clay diggers, and needle scalars, Sullair® has what you need to get your paving job done.

CONSTRUCTION

BREAKERS & JACKHAMMERS

Tamco manufactured Toku paving breakers offer a rugged and reliable tool for whatever tasks you have for them. Toku breakers are available in 30, 40, 60, and 90 lb. classes, and feature a rugged four-bolt back head, drop forged alloy steel construction, forged latch retainers, replaceable chuck bushings, and safety triggers.

A TOOL FOR EVERY JOB

CONSTRUCTION

SKID-STEER LOADERS & TRACK LOADERS

Bobcat® skid-steer loaders have a celebrated 50-year history of quality, performance and reliability. More than a dozen skid-steer loader models – including the M-Series – provide the size, features and options you need.

Bobcat® attachments and implements help you grow your business, gain versatility, replace less-efficient machines and give you the tools to accomplish major projects.

Doosan Portable Power offers a full line of light towers that are built with professional-grade reliability and durability while meeting your illumination needs for construction, emergency and disaster relief, & oil and gas work.

Doosan Portable Power features a comprehensive mobile generator line up. 25 kVA to 570 kVA, our mobile generators supply the power you need. With customer-friendly control panels, no generator has ever been easier to use.

Bobcat® utility vehicles (UTVs) are designed for people like you who want to get things done. Tackle any job with a full selection of models designed for performance, comfort, and versatility.

Kubota® RTVs have been the best-selling diesel utility vehicles in North America since 2004. Each year, they set the standard for ruggedness and reliability, proving themselves ready to work day after day under all kinds of conditions. Meet the all-new Kubota® RTV X-Series, three rough-and-ready RTVs that raise the bar on comfort, convenience, and performance.

The Hustler® brand signifies innovation, quality and superior customer care. Our mission is to provide the most dependable, useful, and time-saving products in turf care, while providing the best warranty in the business.

Exmark® is known to professional landscapers everywhere for our simple, low-maintenance machines designed to provide years of worry-free operation -- cut after cut, lawn after lawn, season after season.

We've built our reputation on performance, versatility and toughness. Now, we're bringing it to turf. Engineered for rugged durability and equipped with innovative cutting decks, Bobcat zero-turn mowers are designed to keep your crews productive and profitable. And, we're the only manufacturer with an industry-leading warranty.

SURVEYING INSTRUMENT & GPS

LASERS

Lasers that are built for multitasking — Meaning you can use it for both construction and interior jobs, where you need a laser for horizontal, single slope, dual slope or vertical applications. This laser has all the features and is easy to use.

SURVEYING INSTRUMENT & GPS

LEVELS

Thanks to the finely tuned auto-collimation system, the Topcon line of autolevels are the ideal device for determining height differentials on busy and noisy job sites. With a completely new design, they have excellent visibility of horizontal circle, superior gear ratio for shock and vibration and improved tangents and knobs.

SURVEYING INSTRUMENT & GPS

MACHINE CONTROL SYSTEMS

The modern RD-MC system fully maximize the capabilities of our 3D-MC technology. This fusion of technology provides the most versatile solution to accurately place or remove variable amounts of asphalt according to the design - the modern way to pave or mill.

SURVEYING INSTRUMENT & GPS

LOCATORS

Our Data Collectors are rugged, powerful, connected and compact, offering high performance with an outdoor readable display. These handheld devices have cellular data capabilities for use with VRS networks or sending data to Magnet Enterprise.

SURVEYING INSTRUMENT & GPS

ACCESSORIES

Topcon offers a wide range of construction accessories to help get any job done right! From site receivers to laser accessories and site radios, Topcon gives you exactly what you need.

SURVEY GRADE INSTRUMENTS & ACCESSORIES

SURVEYING INSTRUMENT & GPS

OPTICAL INSTRUMENTS & ACCESSORIES

Our scanners can be effectively deployed to capture existing, as-built conditions for any application range. The compact, lightweight series of scanners accurately captures a full 360° scan including images in less than three minutes.

SURVEYING INSTRUMENT & GPS

LEVELS & THEODOLITES

Thanks to the finely tuned auto-collimation system, the Topcon line of autolevels are the ideal device for determining height differentials on busy and noisy job sites. With a completely new design, they have excellent visibility of horizontal circle, superior gear ratio for shock and vibration and improved tangents and knobs.

MAPPING AND GIS GRADE INSTRUMENTS & ACCESSORIES

SURVEYING INSTRUMENT & GPS

HANDHELD RECEIVERS, REFERENCE STATIONS & ACCESS.

Our reference receivers are for many types of applications among other GNSS infrastructure network receivers, such as permanent reference stations, field (mobile) base stations and reference stations for scientific analysis.

SURVEYING INSTRUMENT & GPS

SCANNERS & MOBILE MAPPING SYSTEMS

Our scanners can be effectively deployed to capture existing, as-built conditions for any application range. The compact, lightweight series of scanners accurately captures a full 360° scan including images in less than three minutes. Our Data Collectors are rugged, powerful, connected and compact, offering high performance with an outdoor readable display. These handheld devices have cellular data capabilities for use with VRS networks or sending data to Magnet Enterprise.

COSTARS 24

ARROW BOARDS

As Reliable as the Sun

We've added a modem, GPS and free cellular service for the life of your arrow board. It's an industry first, and it's available now as standard equipment on every SolarTech Message and Arrow Board.

COSTARS 24

MESSAGE BOARDS

As Reliable as the Sun

Choose between 4 different sized models that have multiple mounting options, such as on ground, vehicle or trailer. Each model has multiple panel size options to choose from. We also offer a Camera Option for Full-Sized message boards.
